

AFRICAN ART MUSEUM OF MARYLAND (AAMM)

Since 1980: Sharing the Energy of Africa
A 501(c)(3) not-for-profit institution

AAMM Summer Speaker Series Continues With

The Maryland/Liberian Connection....

Through the Art of Quilting

Meet . . .

. . . Ms. Cheryl Hills

All are invited to meet the self-taught textile artist and quilter whose works celebrate the rich history, culture and influence of the African and African American diaspora. Her work is distinguished by the use of vibrant African fabrics, particularly Akara and Bazin textiles, their bold colors, intricate patterns and their cultural significances.

As an artist, Ms. Hills views quilting as a visual language that connects generations and cultures. Her pieces celebrate the beauty, creativity, and contributions of people through the African diaspora as they transform fabric into meaningful works of art. Become familiar with masks work by women in Liberia. Listen as Ms. Hills shares with the audience the skill of quilting and its importance in today's Liberia.
